

MDNA Austin D. Lucas Scholarship 2009-2010 Recipients

Tuition grants totaling \$87,500 have been awarded to 57 students by the MDNA Austin D. Lucas Scholarship Fund. Since the inception of the Fund in 1982, 823 grants totaling \$1,092,300 have been distributed.

Only students whose parents work for an MDNA member firm are eligible for the grants. Selections are made by the Fund's Board of Trustees based on academic achievement, extracurricular activities and a series of essay questions. The essay questions allow applicants to express their desires and plans for a college or vocational education and their future. Not every student who applies receives an award. Each year the amounts and number of grants vary. This year's recipients were selected from a field of 67 students.

The gift of education to these students would not be possible without the generosity of the MDNA members and friends of MDNA who contribute to the Fund. Your continued support is greatly appreciated by the recipients of these grants as it recognizes their academic achievement.
